# Covid-Safe Travel in Asia with Secret Retreats

---

## Social Distancing Assured

Secret Retreats properties have an average of just 15 rooms and boats with an average of just 4 cabins.

## Away from the Crowds

Most properties are set on quiet beaches, private islands, rural villages off the beaten path, on mountain tops or within private estates or large tropical gardens.

## Attention to the Smallest Details

As the homes of the owners the teams take great care in ensuring covid-safe protocols are carefully managed and adhered to in the daily operations of each property.

## Care for the Environment and Local Community

Disinfection and sanitization is carried out with environmentally safe cleaning products ensuring the safety of both our staff and the environment.

## The Secret Retreats Clean Care Pledge

Assuring the safety of your clients during a Secret Retreats stay, the Clean Care Pledge was designed in consultation with the latest advice from the C.D.C to maintain a covid-safe environment for all.

## Conscious Travel with Secret Retreats

Supporting Sustainable and Responsible Travel is a Core Ethos of all Secret Retreats members. With each member property privately owned, and often the home of the owner, Secret Retreats members have a personal interest in preserving their home environment and helping to conserve the local community, culture, and traditions that surround and support their business.
